

All of my messages with my connection to the victims, "Bridge":

Bridge 03/02/2021
Hello. I would like to speak with you about how this lexet situation played out.

Harley 🍷 03/02/2021
Hi!
I'm happy to talk!

Bridge 03/02/2021
I think you own us an apology. To the victims and doc makers along side with the people who helped with the case.

Harley 🍷 03/02/2021
I already apologised! (edited)

*"Everybody's aimin' at me.
But they only shoot they shot when the boy finally get a shot."*

I wrote that apology a week ago.
Because I recognized that while my actions themselves were not wrong, the way I treated others in that situation was rude.

Bridge 03/02/2021
'(...) your behavior towards me, especially when I mentioned speaking to Lexet, felt extremely unfair & hostile. I felt very insulted by your words and as such I used insults back.'
How were they hostile? They never insulted you.

Harley 🍷 03/02/2021
They did. (edited)

Bridge 03/02/2021
No, they didn't.

Harley 🍷 03/02/2021
I'm not gunna bother with a back and forth. I know very well what happened in that chat. I don't just go off on someone without reason.

Bridge 03/02/2021
You did. They never insulted you.
They never typed a single insult to you.

Harley 🍷 03/02/2021
I'm not arguing with you :>
That would be a waste of my time! (edited)
I feel like you're all going after me, especially when you guys made claims like I "defend pedophiles", when I've called out two of them in the past.

Bridge 03/02/2021
Luke saw the conversation. They never insulted you.

Harley 🍷 03/02/2021
I feel like I'm also owed an apology. (edited)

Bridge Luke saw the conversation. They never insulted you.

Bridge 03/02/2021

Harley 🍷 03/02/2021
I don't get why you're nitpicking, I felt their wording & what they said was hostile & what they said hurt me a lot.
I said how it felt for me.

Bridge 03/02/2021
It's not the victim's fault if you felt insulted if they didn't insult you. Your apology isn't fair.

Harley 🍷 03/02/2021
I'm not going to argue with you, you're being very inconsiderate right now.
I won't bother talking to you if you're going to act like this, it's not worth my time.
I'm owed an apology & haven't received one, I've given an apology, which 99% of people agree was a good apology.
I was accused of defending pedophiles, lying about disabilities, getting my friend doxxed, etc. etc.
None of that is true.
None of that.
I had thousands of people sent to attack me last week, calling me numerous things that are simply false.

19:28 I was slandered, by your group & Luke. I'm owed an apology for that.
So before you jump on your high horse telling me I owe you an apology, when I've already made one. Maybe consider that I'm also owed one?

@Harley 🙏 I'm owed an apology & haven't received one, I've given an apology, which 99% of people agree was a good apology.

Bridge 03/02/2021
This has nothing to do with the victims.

Harley 🙏 03/02/2021
I've apologized.
Your group, the doc makers and the Art Bond slandered me.
It has a lot to do with it.
Despite the amount of stress & pressure I've been put under, a lot more than any of you, I still managed to apologise.
I haven't heard any apology back.
It goes **both ways**.

Bridge 03/02/2021
Let's go for parts, victims first, then the rest. Not everyone did the same so one by one. Let's continue, the victims never insulted you. It doesn't matter if you felt insulted. In your apology you said that they were hostile when they weren't. That's not fair, Harley.

Harley 🙏 03/02/2021
They were hostile.
That's the truth.

This response doesn't just come out of nowhere.
I never attacked them either, or named them, or anything else.
Their identity is private & they won't get any backlash from anything in the first place.
You do not even know how much backlash I've received from you guys false claims.
I've had people spam me the n-word, telling me to kill myself, etc. etc.

When I'm already not in a good place mentally.
So it's really immature of you to expect some immaculate apology.
At the end of the day, my apology was true. If you can't handle the fact that I also called out their actions, don't talk to me.
I was told you're a bridge, but you're acting really biased.

Bridge 03/02/2021
'You do not even know how much backlash I've received from you guys false claims.'
This has nothing to do with the victims. The victims first, don't make me repeat myself please.
'Their identity is private & they won't get any backlash from anything in the first place.'
In the screenshot you shared, they asked you why didn't you tell them first, before talking with Lexet. Which is reasonable, it was their abuser. They also told you that they wanted to be anonymous and they didn't want to talk about their harassment, and you, not only insisted them repeatedly, but also displayed their conversation in your video.

Harley 🙏 03/02/2021
I've already apologised. Plain and simple.

Harley 🙏 03/02/2021
'Their abuser' did nothing to them?

Bridge 03/02/2021
'I was told you're a bridge, but you're acting really biased.'
You said that you took criticism but all you have been doing is being defensive. This is not how people handle criticism. You even lied me, telling me that the victim insulted you, when that never happened, then you corrected it once you knew that we know that's not true. Please stop and listen, Harley, it's not so difficult to take criticism.

Harley 🙏 03/02/2021
I displayed their messages with censorship.

@Bridge You said that you took criticism but all you have been doing is being defensive. This is not how people handle criticism. You even lied me, telling me that the victim insulted you, when that never happened, then you corrected it once you kne...

Harley 🙏 03/02/2021
I never lied. Don't say that shit.
I've taken the criticism.
I'm not listening to you throw a tantrum. It's not worth my time :3

@Harley 🙏 They did. 

Bridge 03/02/2021

@Harley 🙏 I'm not listening to you throw a tantrum. It's not worth my time :3

Bridge 03/02/2021
It's not me with who you are talking at, I'm talking for the doc makers and the victims. If you don't want to talk with them about what you did. Your apology means nothing because you don't regret or want to fix anything.

Harley 🙏 03/02/2021
I do regret how I acted & I apologized for it.
But you're acting like my apology is awful or whatever, when everything I said within it is true.
So I'm not bothering with this conversation, this isn't fixing anything at all, you're just complaining at me, when I've done everything I can already.

Bridge 03/02/2021
An apology is an apology for a reason, with an apology, you show that you understood what you did wrong and you regret it. In your apology it seems that you don't understand what you did wrong, that's what I'm trying to explain to you, Harley. If you stop being defensive and listen to the victims, maybe we can end this and finish it in good terms.

Harley 🙏 03/02/2021
I do know what I did wrong, I've already apologized for what I did wrong.
But you're trying to devalue & discredit my apology, so I'm not bothering with it.

Bridge 03/02/2021
You don't know what you did wrong if you called the victim hostile when they weren't. Your apology is not fair and you are not taking criticism about it, directly from the victims.

Harley 🙏 03/02/2021
That's false.
Anyway, this really isn't worth my time if you're going to act like this, bye.

Bridge 03/02/2021
This is going to be in the document. Unless we finish it in good terms. To give proper justice and respect to the victims.

Harley 🙏 03/02/2021
You don't have my consent to use these DMs.
And that's an extremely immature way of threatening someone.
'Unless you agree with all our unfair & unjust claims we will put you in a document trying to further expose you', how mature.
If you're gunna do that, I won't be responding anymore, I'm not providing you more messages to try & twist. Bye! Have a lovely day!

Bridge03/02/2021

You participated when some people put a Luke's friend in a group, thinking that they were the doc makers' without permission. You also displayed the victims conversation in your video, when they literally told you they wanted to be, not only anonymous, but 'invisible'. You have no right to complain.

Harley👍03/02/2021

I censored their name.
When they make claims against me & show screenshots from the chat, I'm fully within my right to provide the evidence of what I said in that chat.

Bridge03/02/2021

You censored their names, after people told you, repeatedly, to do it. But it was originally displayed in the video. You didn't have to display their conversation to begin with. 'When they make claims against me & show screenshots from the chat, I'm fully within my right to provide the evidence of what I said in that chat.' You just claimed that the victims were hostile with you when they weren't, and you also showed their conversation without their consent. Then, why is this different? They were saying the truth, you insulted them, told them that Lexet may be the right in that situation and also you lied to them with the, I'm not a minor where I live. They didn't lie. That happened. You could just admit it. You really had no reason to display that conversation, but you did.

Harley👍03/02/2021

I was told & immediately went in to the Studio & made the change, the second I was notified.
That's so untrue & unfair.
I'm genuinely done with this conversation, it's not worth my time at all.
You only want to tear people down, not worth my time.
Bye.

5 February 2021

Bridge05/02/2021

You sent me a friend request a day after blocking me. Are you finally willing to talk?

6 February 2021

Harley👍06/02/2021

Hii

@Harley👍I'm not listening to you throw a tantrum. It's not worth my time :3

Bridge06/02/2021

After blocking me because this conversation wasn't "worth of your time" you sent me a friend request. What do you want now, Harley?
Are you finally willing to talk?

Harley👍06/02/2021

I'm willing to talk, I'm not appreciating this attitude though.

Bridge06/02/2021

I don't appreciate being blocked. You told me that I was 'throwing a tantrum' when all I was doing was talking for the victims. Do you think that I appreciated that, Harley?

Harley👍06/02/2021

You stressed me out, said some bold and insulting things & then acted surprised when I didn't want to discuss something really traumatic to me that's caused me multiple panic attacks?
You're surprised that I want to be far from this situation? You're annoyed that I blocked you?
Well, believe what you want. I came to hear you.

Bridge06/02/2021

I never insulted you, Harley. If you consider the victims' criticism as an insult, that's your problem, not mine.
Do you think that the victims didn't have panic attacks? Some of them had to go to the hospital due to this situation. They had severe medical complications.
All they want is talk, if you are willing now, let's do it and finish this please.

Harley👍06/02/2021

Insulting things are not insults.
They are different things.

Bridge06/02/2021

Do you think that the victims didn't have panic attacks? Some of them had to go to the hospital due to this situation. They had severe medical complications.

Harley👍06/02/2021

I didn't cause anyone to have panic attacks, let alone even do anything to them except question their testimony, which you have to do, that's how a fair judgement works. You have to look at both sides of the evidence, you have to get all the evidence & you have to question the story. It's how a court works and otherwise, you have to question it all for evidence. If the victim wasn't comfortable with me questioning their behaviour they shouldn't be going to people & should instead focus on themselves first, or going public themselves on a burner or whatever else. It's very unfair to go to someone in a bad place, talk about things that hurt you, and then blame the other person when you get hurt.

Bridge06/02/2021

All they want is talk, if you are willing now, let's do it and finish this please.

Harley👍06/02/2021

I'm happy to talk!

Bridge06/02/2021

Listening to the victims and looking at both sides of the evidence doesn't include:
1. Insulting them. Harley: STOP BEING DUMB.
2. lying to them about being an adult when you are a minor. Harley: I am not a minor where I live.
3. and telling them that their abuser may be the right one in that situation. Harley: I'll be honest in saying that you seem like you're the one in the wrong in this situation from the evidence I've seen from Lex.

You can keep trying to be defensive for every single phrase I say or you can listen, take the criticism and we can finish this.

Harley👍06/02/2021

1. If "stop being dumb" is a painful insult to you then, I'm sorry.
2. The point I was making is that I can engage in sexual activity in my country & it's not illegal for me to discuss it, I just explained it rather poorly.
3. I said that Lexet could be in the right, it's an opinion & it's a possibility, in every situation there's always a possibility of that. Also, the person who came to me was not a victim of any of their actions? None of the evidence had the person I spoke to in it. They told me they were someone who witnessed it.
But I understand the point you're making & I respect it. My wording could've been a lot more mature & professional.
I apologise for my wording, my attitude & my approach.

Bridge06/02/2021

1. Not for me, I'm just a person in between, for the victim. Dumb is an insult so it's normal if they saw it as one.
2. In that moment, whether we like it or not, that phrase was a lie.
3. The person told you that they wanted to remain not only anonymous but invisible, that they just wanted to expose Lexet, not talk about their own harassment. They was harassed by Lexet but they didn't want to make it about themselves.

We can move to the next point if you want to.

Harley👍06/02/2021

1. That's fair enough, I'm sorry.
2. A lie is intentional, it was a mistake in my wording & I apologise.
3. Then my apologies, I did not know.

Bridge06/02/2021

Okay, let's keep with your public apology: 'Although I believe the claim you made that I "drove you to being s//icidal" is untrue & I do not believe I am responsible for your mental health (and my words were not even close to an attack - It felt more like a way of damaging my argument)'.
I am sorry to inform you that the medical complications I talked about were related with this. Now you know that they really were a Lexet's victim, you can probably imagine that an insult, 'a lie' and defending their abuser in the same conversation, can totally drive someone into being suicidal.

Bridge06/02/2021

Okay, let's keep with your public apology: 'Although I believe the claim you made that I "drove you to being s//icidal" is untrue & I do not believe I am responsible for your mental health (and my words were not even close to an attack - It felt more like a way of damaging my argument)'.

Harley👑06/02/2021

The point I'm making is that nobody is responsible for another persons mental health.
That is a fact.
I used to be suicidal, I would never in my worst dreams blame my mental health on anyone else
That's my view & it won't change. Nobody is responsible for another persons mental health, plain and simple.
I'm only responsible for my mental health, they're responsible for theirs.
And do you know how fucked up it is to say that to/about someone???
It's a belief that so many others agree with as well. So please do not try and label me responsible. That's genuinely a fucked up thing to say.

Other People Aren't Responsible
For Your Mental Health: Why '13
Reasons Why' Is Pretty Much
Bullshit

Bridge06/02/2021

Your past has no bearing on the situation and a '13 reasons why' is not the best source for anything. 'That's my view & it won't change'. With this attitude dialogue is not possible because if no matter what I say, even if I give you a good argument, you won't change your point of view, what is the point on talking with you? Please, at least be open mind and let the victims talk to you and reason it. [Read](#)

Harley👑06/02/2021

The reason they could become suicidal from a simple comment is because of a detriment to their own mental health already, that's on them. Nobody's mental health is anyone else's fault.
A good argument? What the fuck? You just said I was responsible for someone being suicidal???? What is wrong with you????

Bridge06/02/2021

It's not me. I'm just a bridge.

Harley👑06/02/2021

My mind is not changing on my responsibility for their mental health because it's simply **untrue**. And an awful thing for you to say, how can you call yourself any better than me when you're trying to blame me like that.
That's fucked my mental health up a lot more than anything I said to them.
Stop passing responsibility by putting blame on being a "bridge".

Bridge06/02/2021

But it's not me.
I can't change that.

Harley👑06/02/2021

Then don't send messages that are simply awful.
You're partially responsible for sending me something like that.
That's just completely fucked me mentally. So if you're going to try use that argument against me I could completely use it back, but it's not your responsibility.

Bridge06/02/2021

Look, I'm talking for the victims, if you want to blame them for what they are saying, do it. I can't stop you, but don't blame me. I won't ask it again, you can do what you want.

Now, 'That's fucked my mental health up a lot more than anything I said to them.' So we can agree that something that someone else said, affected your mental health, right?

This person overcame Lexet's situation, they was medically stable when they reached you. There are medical evidence of it. And they were driven suicidal because of what you said to them. What you told me it's an example of how a person actions or words can affect mentally someone. If we both know that is possible and you know that they have medical evidence of such claims, why can't we agree?

Harley👑06/02/2021

No, the point I was making is that nobody is responsible.
If they were mentally stable & my words like calling them "dumb" made them suicidal, they weren't mentally stable.
I'll ask you once, drop that argument right now. I won't respond further if you're going to say such fucked up shit. Simple as that.
I'm apologising where I'm genuinely at fault, I'm not listening to you say such awful things.

@Harley👑

You stressed me out, said some bold and insulting things & then acted surprised when I didn't want to discuss something really traumatic to me that's caused me multiple panic attacks?

Bridge06/02/2021

When we started talking, you got stressed and blocked me. I may be wrong but I have the feeling that we reached the same point. The point of, if you keep talking about this, I won't talk.

@Harley👑

1. That's fair enough, I'm sorry. 2. A lie is intentional, it was a mistake in my wording & I apologise. 3. Then my apologies, I did not know.

Bridge06/02/2021

Today you were more calm. You reconsidered everything and you apologized.
If you are too stressed to talk, it's fine, I don't mind to wait.

Harley👑06/02/2021

I'm happy to talk, but not when you make claims that I'm responsible for someone else's mental health because that's not how that works, if you want to make a claim like that, firstly I'd need medical records, secondly, I would have needed to say something that'd constitute that kind of psychological effect, but if something like calling someone "dumb" can drive them to being suicidal, their mental state is already a complete mess.

Harley

06/02/2021

Bridge

06/02/2021

3 points. Not 1. You are just thinking on one.

Harley

06/02/2021

The things I said would not constitute that kind of response, simple as that.
Unless the person was:
A - Mentally unstable
B - Had a pre-existing mental condition

And under both of those conditions I am not responsible
If I said something like "kill yourself" or something of the like, I could understand your thinking, but what I said simply doesn't constitute.
I also want medical proof if you want to continue making that claim, otherwise you need to drop it, because it's slanderous.

@Harley

06/02/2021

Unless the person was: A - Mentally unstable B - Had a pre-existing mental condition And under both of those conditions I am not responsible

Bridge

06/02/2021

So, if someone drive suicidal someone with a mental condition, it's suddenly not valid? Are you suddenly not responsible for driving them suicidal? Aren't they like any other person? Asperger is a neurodevelopmental disorder, so if you would have Asperger, driving you suicidal won't be anyone's fault?

@Harley

06/02/2021

I also want medical proof if you want to continue making that claim, otherwise you need to drop it, because it's slanderous.

Bridge

06/02/2021

Sadly, there are many evidence of this, Luke saw them.

Harley

06/02/2021

I need a medical document.
I need to see it, thank you.

Bridge

06/02/2021

Luke saw it. I told you.
Well, Luke saw them.

Harley

06/02/2021

I need to see it.

Bridge

06/02/2021

Why do you 'need' to see them? You've already violated their requested privacy enough, their conversation with you is still public and online because of you.

Harley

06/02/2021

I need evidence.
They shared the chat themselves.
So that's a hypocritical statement.
Provide me proof of these medical documents.

@Harley

06/02/2021

1. That's fair enough, I'm sorry. 2. A lie is intentional, it was a mistake in my wording & I apologise. 3. Then my apologies, I did not know.

Bridge

06/02/2021

The victim shared a little fragment of the chat. The part where you insulted them, 'lied' them, and also the part where you talked about Lexet being the right one in that situation. You shared the full conversation for no reason, you could just admit that you did wrong and apologize as you just did.

Harley

06/02/2021

I need to provide the full context.
Simple as that.
So it "doesn't matter" when they do it but I'm "violating their privacy" when I show it?
That logic makes a lot of sense.....????

Bridge

06/02/2021

Why did you need the 'full context'? You said those phrases. Those were the key phrases of their statement. And you admitted that you were wrong so you could just apologize for what you did and move but you decided to show it all despite of what they told you.

Harley

06/02/2021

I admitted I was wrong on certain accounts, you're disregarding that and trying to generalise it.

Bridge

06/02/2021

No, they are not. They are telling you that you already violated their requested privacy when it wasn't necessary at all. That's the point.

Harley

06/02/2021

My point is that they violated mine first, making our agreement void.
"It's okay when they do it because I like them but not okay when you do it" is a bad mindset.

Bridge 06/02/2021
They pointed out how you behaved with them, and they showed a little fragment of the conversation. You didn't even talk about this in your video, and it's honestly sad to see how you couldn't even read the phrase were you supported Lexet, in your Twitter recording, you needed 2 attempts for reading it and you didn't even do it at the end. And even having the full conversation, you didn't admitted it, even when you were the one showing the conversation. You literally jumped those phrases, in your Twitter and in your Youtube video. That was a very shady move Harley. Imagine what would happen if they didn't show anything at all. Nobody would believe them, not even you admitted it until today.

Harley 🍌 06/02/2021
Bruh
I cba
The mental gymnastics in your statement's are just too much for me

Bridge 06/02/2021
Let me put it simpler for you: you weren't capable of admitting and addressing what you did, not even having their full conversation. You literally avoided those phrases, in both Youtube and Twitter. They just showed a little fragment to address what you did. A fragment that didn't need more context. You just had to admit what you did and apologize but you didn't. You showed their conversation when it was totally unnecessary. You already violated their requested privacy without a real reason of doing so.

Harley 🍌 06/02/2021
I've already apologised lol

Bridge 06/02/2021
Yes, you did. But they were addressing your wrong behavior. A behavior that until today, you didn't fully properly apologized for. You didn't need to show the full conversation, you were wrong, you admitted it. You just needed those phrases. You already violated their requested privacy without a real reason of doing so.

Harley 🍌 06/02/2021
Why is the victim writing these messages? I can tell from the grammar & spelling that they're writing in third person?
I had a reason, as I said.
Provide the full context, so if people want the info they can seek it out.
Also, they violated my privacy by sharing select DMs first, so they have no place to comment.
They also deleted their own messages so all I showed was MY OWN WORDS

Bridge 06/02/2021
You provided the full conversation but you didn't read or addressed their key phrases. Until today you didn't admit that you were wrong, even with their full conversation. They addressed what you did wrong. Don't put at the same level a callout, and a victim's privacy safety, please. Even if those were your own words, they asked you, not to be only anonymous, but also invisible, your full conversation could provide more information to Lexet, let's not forget that she was their abuser and a criminal. Lexet shouldn't know that there was a victim to begin with because they just wanted to expose her. But you told her about the victim. And you even exposed their conversation for a reason that maybe was reasonable for you in the past but now you see that you were wrong you should also see that it wasn't really reasonable or necessary at all.

Harley 🍌 Also, they violated my privacy by sharing select DMs first, so they have no place to comment.

Harley 🍌 06/02/2021

"Don't put at the same level a callout, and a victim's privacy safety, please."

Harley 🍌 06/02/2021
What?
They weren't "calling me out"?
And, my privacy is just as valuable?
What kind of logic is that?
Once again you're going by "it's okay if they do it but not you"

Bridge 06/02/2021
You insulted them. Lied them. And told them that their abuser was the right one in that situation. You just apologized because you got called out for what you did by them, you only had to talk about fragments of the conversation. Your privacy is valuable, but they didn't show your full conversation, just the little fragments were you behaved bad with them in order to call you out. On the other hand, you exposed a conversation of a victim. Their abuser, a criminal, could have easily figured out who they are. That's extremely dangerous for them. And you also told Lexet that a victim existed, they just wanted to expose Lexet. You told Lexet before they or anyone showed your conversation anywhere.

If you think that it's appropriate to drop memes to the victims instead of construct normal phrases when they are talking to you about such an important issue, you may have to think it twice, Harley. I won't talk with you anymore today, you did enough today. If you want to, we can keep talking tomorrow. Bye.

 @Harley 👑 You need to act more maturely in this conversation

 **Bridge** Yesterday at 17:44
He said, after being the one sending us memes.
We wrote you via Twitter.

 **Harley** 👑 Yesterday at 17:47
My video on Lexet comes out in 13 minutes.

 **Bridge** Yesterday at 17:48
Congratulations. You are going to keep doing it about yourself without listening to the victims. Say hi to the upcoming Youtube videos about this conversation and about you. And no, Luke won't make them.

 **Harley** 👑 Yesterday at 17:49
B r u h
you know I'm calling her out right?
I'm also a victim to her sending porn to minors lol

 **Bridge** Yesterday at 17:49
Can I watch the video before you release it please?

 **Harley** 👑 Yesterday at 17:49
It's scheduled so it's stuck on private
it'll help your argument
it's a call-out on Lexet, like I've always intended to release

 **Bridge** Yesterday at 17:50
I hope you won't mention Luke on it. This is not an stupid Youtube drama.

 **Harley** 👑 Yesterday at 17:50
I mention Luke on it
not to call him out
but to discuss what happened
the focus is on Lexet
Luke made it into YT drama

 **Bridge** Yesterday at 17:50
No.
But that's your opinion, we disagree.

 **Harley** 👑 Yesterday at 17:50
I mean, he did?
He made the first video?
He said the first thing on YT?

 **Bridge** Yesterday at 17:51
In his first video he didn't talk about you at all.

 **Harley** 👑 Yesterday at 17:51
What was a Twitter disagreement and private argument became a public YT drama

 **Bridge** Yesterday at 17:51
This is not a Youtube drama, this is a callout to a criminal and I hope yours is that too.

 **Harley** 👑 Yesterday at 17:51
My video is a callout
100%
I'm not making this into petty drama

 **Bridge** Yesterday at 17:51
We hope so.

 **Harley** 🤡 Yesterday at 17:51
now I've responded to Luke's claims against me I can focus on Lexet

 **Bridge** Yesterday at 17:52
We will see.

 **Harley** 🤡 Yesterday at 17:52
Lmao

 **Bridge** Yesterday at 17:53
Lmao is what I'm going to say if the video is about yourself.

 **Harley** 🤡 Yesterday at 17:54
it's not lol
stop presuming
I'm guessing you run the ArtBond account tho

 **Bridge** Yesterday at 17:54
I hope so, lol.
No, I'm sorry.

 **Harley** 🤡 Yesterday at 17:55
Okay good
you aren't completely dumb
that account man
they're too far gone hahaha

 **Bridge** Yesterday at 17:56
At least they didn't insulted, 'lied' to the victim and told them that their criminal were the right one in that situation. They also never insulted you or sent you memes. Hm.

 @Bridge At least they didn't insulted, 'lied' to the victim and told them that their criminal were the right one in that situation. They also never insulted you or sent you memes. Hm.

 **Harley** 🤡 Yesterday at 17:57
You are so fucking stupid hahaha

 **Bridge** Yesterday at 18:00
Yes. Keep insulting people who never insulted you.

 **Harley** 🤡 Yesterday at 18:01
Lmao stop acting like insults are the end of the world you child
"Oh no he called me stupid", who fucking cares.
Stop spending your whole life offended at shit that doesn't matter.

 @Bridge At least they didn't insulted, 'lied' to the victim and told them that their criminal were the right one in that situation. They also never insulted you or sent you memes. Hm.

 **Harley** 🤡 Yesterday at 18:01
~
You continue to slander me.
So it's very hypocritical of you to get mad at me for calling you out on your bullshit lol

 **Bridge** Yesterday at 18:02
When did I slander you?

 **Harley** 🤡 Yesterday at 18:02
You label insults as criticism so that if I refute what you say I'm "ignoring criticism"
You're an immature kid

 **Bridge** Yesterday at 18:02
This is a private conversation, how can this be slander.
I'm not a kid.

 @Bridge Congratulations. You are going to keep doing it about yourself without listening to the victims. Say hi to the upcoming Youtube videos about this conversation and about you. And no, Luke won't make them.

 **Harley** 🤡 Yesterday at 18:02
"private"

 **Bridge** Yesterday at 18:02
For now is private.

 @Harley 🤡 "

 **Bridge** Yesterday at 18:04
But you did this. And you apologized for it. How is this slander? *edited*

 **Harley** 🤡 Yesterday at 18:04
I never lied to them.

 **Harley** 🤨 Yesterday at 18:04
I never lied to them.
I never said their criminal was right.
I said it seemed like they could be lying.

 **Bridge** Yesterday at 18:04
Okay. My bad.

 **Harley** 🤨 Yesterday at 18:04
If you're angry that I questioned there story, that's on you.

 **Bridge** Yesterday at 18:04
You told them a phrase that may be perceived as a lie.
Even if it wasn't your intention.

 **Harley** 🤨 Yesterday at 18:05
I'm allowed to question a victim, especially when they want me to risk my platform calling someone out.
These allegations have to be taken seriously.
My new video is out, feel free to watch!

 **Bridge** Yesterday at 18:05
And you told them that their abuser 'may' be the right one in that situation.
I'm sorry for missing those points.
Okay, let's watch it.

 **Harley** 🤨 Yesterday at 18:06
Yes, it's a plausible outcome.
When an allegation is made, you have to logically consider both sides.

 **Bridge** Yesterday at 18:06
Insulting them wasn't included in that plan. (edited)

 **Harley** 🤨 Yesterday at 18:06
They also insulted me.

 **Bridge** Yesterday at 18:06
No they didn't.

 **Harley** 🤨 Yesterday at 18:06
You claim you've seen the full DMs, you have not.

 **Bridge** Yesterday at 18:07
Luke did. The victim showed him those when all this that happened.
I'm going to watch the video.

 **Harley** 🤨 Yesterday at 18:09
Please do watch the video.

 **Bridge** Yesterday at 18:09
0:32 very poorly represented the story. Face palm.

 **Harley** 🤨 Yesterday at 18:10
It's true.
Luke represented the story awfully.
He left out key evidence, key facts, didn't show important research, made points that the evidence didn't support & completely fucked the timeline.

 **Bridge** Yesterday at 18:10
I'm watching the video.

 **Harley** 🤨 Yesterday at 18:10
Luke represented it poorly.
I'm not saying the doc maker did.
I'm saying Luke did.

 **Bridge** Yesterday at 18:10
I'm giving you the feedback, I can't read you until the end.

 @Bridge 0:32 very poorly represented the story. Face palm.

 **Harley** 🤨 Yesterday at 18:11
"Face palm" is not feedback or criticism btw

 **Bridge** Yesterday at 18:12
Okay.
The feedback: I would have prefer if you didn't mention him at all.

Bridge Yesterday at 18:12

Okay.

The feedback: I would have prefer if you didn't mention him at all.

2:17 They had the evidence. And I saw them. It's explained in the page 197 of the document.

I hope you saw it.

Just Stop did.

@Bridge The feedback: I would have prefer if you didn't mention him at all.

Harley 🙌 Yesterday at 18:14

He is very relevant.

@Bridge 2:17 They had the evidence. And I saw them. It's explained in the page 197 of the document.

Harley 🙌 Yesterday at 18:14

They did not.

Bridge Yesterday at 18:14

It's in the page 197.

Read it.

4:22 This conclusive evidence, was in Luke's hands too. It's explained in the page 197 of the document.

If you didn't know it, now you do, but Braxton read it, so if he checked your video and didn't tell you... hm.

4:37 Imao. Luke Luke. Luke. Ay Jesus Christ why.

Harley 🙌 Yesterday at 18:18

197 did not exist during videos 1 or 2

@Bridge 4:22 This conclusive evidence, was in Luke's hands too. It's explained in the page 197 of the document.

Harley 🙌 Yesterday at 18:18

It was not hahahaha

@Bridge If you didn't know it, now you do, but Braxton read it, so if he checked your video and didn't tell you... hm.

Harley 🙌 Yesterday at 18:18

Braxton is in the fucking video hahaha

Bridge Yesterday at 18:18

I saw him.

 @Bridge 4:37 Imao. Luke Luke. Luke. Ay Jesus Christ why.

 **Harley** 🙄 Yesterday at 18:18
Luke is really relevant lol

 **Bridge** Yesterday at 18:18
That's why I am telling you.
That he should tell you.
But he didn't.
You should correct that, now you know it's a lie.

 **Harley** 🙄 Yesterday at 18:19
This conclusive evidence came from ME
Luke didn't get that fucking evidence

 **Bridge** Yesterday at 18:19
Yes he did.

 **Harley** 🙄 Yesterday at 18:19
OMG
You are so ignorant wtf

 **Bridge** Yesterday at 18:20
They even had different screenshots.

 **Harley** 🙄 Yesterday at 18:20
My brain
You hurt my brain
You are wrong
Continue watching my video
Said evidence was never included in Luke's videos
nor was it in any document
Luke did not have the proof we gained from talking to Patreon's
the doc makers took that evidence from my 1 hour video about Luke (edited)
where they grabbed the screenshots from my video

where they grabbed the screenshots from my video
So stop claiming you got that evidence, or that it was from your research.
It was not.

 **Bridge** Yesterday at 18:21
Dear Harley, I am sorry that my words are too complicate for your brain to process it. Luke had those evidence. Luke didn't put them in the document. The evidence even were different screenshots from yours. They even had the dark skin mode. In the document, not all screenshots are public, because the document is not meant to make you or Braxton happy. All the evidence are shown to Luke, like that one.

 **Harley** 🙄 Yesterday at 18:21
BRUH

 **Bridge** Yesterday at 18:21
How the heck he wouldn't have the proof?

 **Harley** 🙄 Yesterday at 18:22
lol continue watching my video

 **Bridge** Yesterday at 18:22
He said the original date and name.

 **Harley** 🙄 Yesterday at 18:22
you are a child

 **Bridge** Yesterday at 18:22
But I'm an adult.

 **Harley** 🙄 Yesterday at 18:22
No you aren't
You talk like a child & act like a child, in my mind you are no different from a kid.

 **Bridge** Yesterday at 18:23
But you are the minor here.
Luke said the original name of the post. And what happened with it. How the heck he could have done that without evidence?
1 + 1 Harley
We had the evidence, that's why we could say that. We even have the original art from the original post and everything.
It's impossible to make the conclusion he made without evidence.

 **Harley** 🍷 Yesterday at 18:24
I've been more mature than any of you

 **Bridge** Yesterday at 18:25
Of course, the memes were super mature.

 @Bridge Luke said the original name of the post. And what happened with it. How the heck he could have done that without evidence?

 **Harley** 🍷 Yesterday at 18:25
he had proof of a post, he had no evidence to prove when she sent the porn, the art was created, etc.
I SENT YOU ONE JOKE

 **Bridge** Yesterday at 18:25
And insulting me too, super mature.

 **Harley** 🍷 Yesterday at 18:25
oh my fucking god

 **Bridge** Yesterday at 18:25
And insulting the victims? Yeah, that was very mature too.

 @Harley 🍷 he had proof of a post, he had no evidence to prove when she sent the porn, the art was created, etc.

 **Bridge** Yesterday at 18:26
He had even the creation date of the post. We had all. Just like the document says.

 **Harley** 🍷 Yesterday at 18:26
They insulted me

 @Bridge He had even the creation date of the post. We had all. Just like the document says.

 **Harley** 🍷 Yesterday at 18:26
You did not have all
You also did not have witness testimony of the post & when it was made
You guys did not have the proof needed
You made claims without sufficient evidence

 **Bridge** Yesterday at 18:26
Of course we had them. I'm telling you.

 **Harley** 🍷 Yesterday at 18:26
You didn't
Imao

 **Bridge** Yesterday at 18:26
And it's in the document explained.

 **Harley** 🍷 Yesterday at 18:27
bye

 **Bridge** Yesterday at 18:28
It's like you are just putting your hands in your ears and screaming: lalalalala.
You are making this about yourself again. Incredible.
Now you know that your claims about Luke not having the evidence is false and you refuse to listen. God.

 **Harley** 🍷 Yesterday at 20:15
Because you're wrong.
And for people that claim to defend victims, it's kinda funny that you're going after me, a victim of Lexet.
You guys don't give a SHIT about victims. Plain & simple.

 **Bridge** Yesterday at 20:22
Said the one who insulted them. 'Lied' them. And told them that their abuser may be the right one in that situation. And also sent them memes when they were trying to talk to you. We are SO bad.

 **Harley** 🍷 Yesterday at 20:24
You guys have sent me nothing but harassment for weeks & attempted to destroy my career because you couldn't stand being called dumb.
I'm a victim of Lexet, you guys have hurt me more than any of her actions.
I'd call you guys the real fucking abusers.
You guys are fucked, genuinely you've traumatised me with this shit.
I'll have trauma from this & PTSD from it for years.
It's caused me multiple panic attacks and I almost made another attempt on my life, I was struggling hard.
You guys did not care about me **at all**.
You are the worst of the worst & I hate all of you.
You guys aren't getting anything from me, instead you're just causing me harm.
You guys don't care about the victims.

You are the worst of the worst & I hate all of you.
You guys aren't getting anything from me, instead you're just causing me harm.
So maybe fucking think about your actions.
I am so close to making a video on all of you. I can't take this private abuse anymore. I'm a kid & you guys keep harassing me.

Bridge Yesterday at 20:41
You can make a video if you please. We don't care. We didn't abuse you at all. And if you do, we will do another video back to expose all the things you did because you are going to put us all like the bad guys when that's not true. For example: the victims never insulted you. But you did. I never insulted you, but you did.

Harley 🍷 Yesterday at 20:42
I can't wait till you guys realise you were in the wrong.

Bridge Yesterday at 20:43
Like with Lexet, right?

@Bridge Like with Lexet, right?

Harley 🍷 Yesterday at 20:43
No, with your actions in regards to me.

Bridge Yesterday at 20:43
What did I do to you?
I'm trying to solve things in private.
And you are not making it easy.

Harley 🍷 Yesterday at 20:46
When have you ever made an attempt to solve things in private?
I'll ask you when you've ever even thought about the fact that I've been abused more than anyone else in this situation.

@Harley 🍷 When have you ever made an attempt to solve things in private?

Bridge Yesterday at 20:48
When we tried to talk to you in private. Via Discord.

@Harley 🍷 I'll ask you when you've ever even thought about the fact that I've been abused more than anyone else in this situation.

Bridge Yesterday at 20:49
What about Lexet's victims?

Harley 🍷 Yesterday at 20:51
I'm one of Lexet's victims.
Lexet sent me porn.
I'm also a victim of your behaviour.

Bridge Yesterday at 20:54
Then, you are a Lexet's victim, who messed up with other Lexet's victims. That doesn't improve this situation at all.
Do you want to solve things in private or do you want to keep with something that none of us what to keep with?

@Bridge Then, you are a Lexet's victim, who messed up with other Lexet's victims. That doesn't improve this situation at all.

Harley 🍷 Yesterday at 20:57
I didn't mess anything up & I corrected the actual story in public proving her 100% guilty.

@Bridge Do you want to solve things in private or do you want to keep with something that none of us what to keep with?

Harley 🍷 Yesterday at 20:58
I'm happy to solve this in private, if you guys would stop:
A. Threatening me.
B. Attacking me.
C. Pretending you care about victims when you haven't once cared about me.

@Harley 🍷 I didn't mess anything up & I corrected the actual story in public proving her 100% guilty.

Bridge Yesterday at 21:03
No. You and Just Stop didn't discover anything new. And now you now it. If you refuse to listen to basic logic, that's not my problem.

@Bridge No. You and Just Stop didn't discover anything new. And now you now it. If you refuse to listen to basic logic, that's not my problem.

Harley 🍷 Yesterday at 21:03
So when we discussed how Lexet sent porn to me in my video, that was nothing new?

@Harley 🍷 I'm happy to solve this in private, if you guys would stop: **A.** Threatening me. **B.** Attacking me. **C.** Pretending you care about victims when you haven't once cared about me.

Bridge Yesterday at 21:03
Do you mind to elaborate point A, B and C, please?

Harley 🍷 Yesterday at 21:03
When we provided 100% evidence in my video that proved nothing?

Harley 🍷 Yesterday at 21:03
When we provided 100% evidence in my video that proved nothing?
Did you even watch my whole video?

@Harley 🍷 When we provided 100% evidence in my video that proved nothing?

Bridge Yesterday at 21:04
Luke's video talked about the old post. The old name of the post. The comments and the emails. Everything.
Do you know how he talked about that? Because he had evidence of that. You can't know that without that.

@Bridge Do you mind to elaborate point A, B and C, please?

Harley 🍷 Yesterday at 21:05
A. Luke refuses to take down his videos against me unless I listen to your every beck & call.
B. - Self explanatory
C. You have never once showed any sympathy for the abuse I've received from you & when I was victimised and taken advantage of by Lexet.
Did you even watch my whole video???

@Harley 🍷 Did you even watch my whole video???

Bridge Yesterday at 21:05
I did and you know it.
And you still said on it hat Luke didn't have something he had.

@Bridge I did and you know it.

Harley 🍷 Yesterday at 21:05
You definitely didn't watch it in full, because you didn't know Lexet sent me porn.

@Bridge And you still said on it hat Luke didn't have something he had.

Harley 🍷 Yesterday at 21:05
He didn't.

Bridge Yesterday at 21:05
I do.
He had it because I saw it Harley.

Bridge Yesterday at 21:05
I do.
He had it because I saw it Harley.

@Bridge I do.

Harley 🍷 Yesterday at 21:06
You do now I've said so.

Bridge Yesterday at 21:06
No dear, Ego said it before you. You just didn't listen to him.

Harley 🍷 Yesterday at 21:08
Ego disagrees with you guys.
Even Cameron is turning against you guys.
It won't be long till Luke does the same when he realises how fucked your actions are

@Harley 🍷 It won't be long till Luke does the same when he realises how fucked your actions are

Bridge Yesterday at 21:09
My actions? I literally did nothing to you.

@Bridge My actions? I literally did nothing to you.

Harley 🍷 Yesterday at 21:12
You think sending me constant messages claiming I'm hurting victims, claiming I'm driving people to suicide, dropping 3 videos trying to destroy me & accusing me of everything is *nothing*?

Bridge Yesterday at 21:13
I didn't do any of that.
I'm talking with you in private.
I'm not insulting you.
I'm not trying to destroy you neither. I wanted to finish it the very first day.
A. Threatening me.
A. Luke refuses to take down his videos against me unless I listen to your every beck & call.
This is not threatening you. This is not a thread. He just told you that he wouldn't take off his video until you listen to the victims. Good for him, the victims are more important than a Youtube Drama.

B. Attacking me.
No. Explain this point please. I didn't attack you.

C. Pretending you care about victims when you haven't once cared about me.
At least I didn't insulted them, "lied" them, and told them that their abuser may be the right one in that situation. And the memes, let's not forget that I didn't send them memes when they were trying to talk with me about a very serious issue. [\(edited\)](#)

— @Bridge A. Threatening me. A. Luke refuses to take down his videos against me unless I listen to your every beck & call. This is not threatening you. This is not a threat. He just told you that he wouldn't take off his video until you listen to the victims...

Harley 🍷 Yesterday at 21:24

A. Okay, more accurately it's blackmail, but it's definitely still a threat.

The victims aren't related to his videos on ME?

B. You wouldn't consider labelling me a slander, saying I drove someone to attempting suicide, etc. an attack?

Wow, you're an even worse person than I realised.

Bridge Yesterday at 21:26

I never called you 'slander'.

Harley 🍷 Yesterday at 21:26

C. If you're really going to use the "someone else did it so it means it's okay for me to do it because I believe I'm not as bad as them" excuse, you're kinda fucked.

Bridge Yesterday at 21:27

Another insult, great Harley.

@Bridge Another insult, great Harley.

Harley 🍷 Yesterday at 21:27

I'm sick of letting the people who drove me to almost taking my life pretend they're better than me.

You're a terrible person.

Bridge Yesterday at 21:29

I still never insulted you. You are the one who keeps being meaning with me. For me, you are the one who may thinks that you are better than me.

Harley 🍷 Yesterday at 21:30

You are trash.

You have done nothing but bully me into tears & breakdowns.

You don't help victims, you don't do the right thing, you're a bad person.

Bridge Yesterday at 21:33

I never bullied you. I never insulted you. All I wanted to do is talking. And you made it very complicated.

 **Harley** 🍌 Yesterday at 21:35
You haven't once considered my side

 **Bridge** Yesterday at 21:38
Harley, I know that maybe you are not okay now. And I'm really sorry about that, I hate this situation, I hate how much complicated was talking with you. I just wanted to talk a moment with you and leave you alone. If you are feeling bad, take a break, you can write me any time. (edited)

 **Harley** 🍌 Yesterday at 21:43
Why are you only now thinking about this? It's like you're just trying to cover bases.

 **Bridge** Today you were more calm. You reconsidered everything and you apologized. If you are too stressed to talk, it's fine, I don't mind to wait.

 **Bridge** Yesterday at 21:46
I cared about you being stressed before.

 **Harley** 🍌 Yesterday at 21:47
This isn't a checkbox where to stave off all criticism you drop in the little "I care" while ignoring the fact that potentially someone mentally unwell is not going to act 100%

 **Bridge** Yesterday at 21:49
I didn't expect you to act 100%. That's why I didn't insulted you. That's why I told you that I could wait to keep talking with you.

 **Harley** 🍌 Yesterday at 21:50
Your behaviour has been unacceptable.
That's not just my words.
It's the words of my whole server.
I'm lucky I have so many kind people helping me through this.

 **Bridge** Yesterday at 21:51
Did you share our conversation in a public server?

 **Harley** 🍌 Yesterday at 21:51
I did, yes.

 **Bridge** Yesterday at 21:51
Then our conversation is public. Good to know it.

 **Harley** 🍌 Yesterday at 21:52
You've been saying you'd share this chat publicly for a while now & I couldn't take the stress on my shoulders alone.
Not the whole conversation, I've shared some.

 **Bridge** Yesterday at 21:52
Okay.

 **Harley** 🍌 Yesterday at 21:52
And only because TheArtBond mentioned this chat.

 **Bridge** Yesterday at 21:52
Let me a moment.

 **Bridge** Yesterday at 22:05
You shared pretty convenient screenshots, didn't you?
I guess we should show them the full conversation so they will have the full context. (edited)

 **Harley** 🍌 Yesterday at 22:07
I mean, go ahead?

 **Bridge** Yesterday at 22:07
Thanks.

 **Harley** 🍌 Yesterday at 22:07
You'd just show how little you care about my mental health by continuing to spur online drama when you're anonymous & will have no hate sent to you.

 **Bridge** Yesterday at 22:08
Thanks for letting me to show them the conversation.

15 February 2021

 @Bridge Thanks for letting me to show them the conversation.

 **Harley** 🍌 Today at 01:09
No problem lol, it's not like I did anything bad in this conversation.
